Your hands and feet work hard every day. It's no wonder that your skin becomes dry, hard and rough so easily. Joints too suffer the stresses and strains of daily life. Now you can treat them in the comfort of your own home while enjoying a deeply pleasurable and relaxing experience.

Much more than a moisturising skin treatment, the Remington Aromatherapy Paraffin Wax Spa moisturises and rejuvenates your skin. The warmth of the wax soothes the joints in your hands, elbows and feet, and your skin will feel velvety smooth and look refreshingly youthful again.

The Remington Aromatherapy Paraffin Wax Spa is affordable luxury. Available from selected branches of Boots, Argos and other major retailers of electrical appliances.

Dip your hand, foot or elbow in and out of the wax to create a wax glove. Immediately feel the warm, soothing effects of the specially formulated paraffin wax

Slip hand into liner, then into a special mitt which prolongs the feeling of warmth and your skin enjoys the full benefits of aromatherapy wax treatment

After 15 minutes remove mitt and simply peel off wax glove. Continue massaging the skin and feel the difference

The Paraffin Wax Spa works just as effectively with feet and elbows, moisturising and softening hard skin, leaving it feeling fresh and youthful

Replacement wax easily available in economical 0.9kg packs
